### Key Terms and Definitions

**Phrase:** Multiple word units

**Grammar:** The rules by which words change their forms, including the use of word classes and grammatical morphology in English. Word classes include prepositions, pronouns, nouns, verbs, etc... Grammatical morphology includes third person, plural, possessive, etc...

**Syntax:** Structuring sentences according to syntactic rules related to coordinating clauses, developing syntactic phrases (noun, verb, preposition phrases), phrasal and clausal dependency, and transformations such as passives, relative clauses, and negations.

**Cohesive device:** Cohesive devices are used as links between two or more items (e.g., words, phrases, clauses) in a text to enhance text cohesion. These include the use of conjunctions (and, but, if, on the other hand), transitions (first, next, finally, for example), repetition of words, phrases, and ideas across sentences and paragraphs, and the use of anaphor (pronouns replacing nouns).
